
2010 Neurology Report

as printed in Volume 101, Numbers 1-12 of the OSMA Journal

**Honor the physician for the need thou has of him:
for the Most High hath created him. For all
healing is from God, and he shall receive gifts
of the King. The skill of the physician shall lift up his head
and in the sight of great men he shall
be praised. The Most High hath created medicines out of the earth,
and a wise man will not abhor them. Was not bitter water made
sweet with wood? The virtue of these things is come to the
knowledge to men, that he may be honored in all his wonders.
By these he shall cure and shall allay their
pains, and of these the apothecary shall make sweet confections,
and shall make up ointments
of health, and of his work there shall be no end.
For peace of God is over all the face of the earth.
Sirach (Ecclesiastes) 38:1-8**
