

Pro-Science is Pro-Business

TEMPORARILY CLOSED
COVID 19

In a recent survey, 89% of Oklahomans said state government should not interfere with private businesses that require employee vaccinations.*

So why are some Oklahoma legislators trying to make workplaces less safe through bad legislation?

A healthy workforce is essential to Oklahoma's communities, economy and future.

Contact your legislators today and tell them that anti-science legislation is bad for Oklahoma's economy.
